Customer will be invoiced by Provider for all applicable users, systems equipment, and infrastructure provided with the Services (which may result in an increase

to the estimate given by Provider). Customer may add additional users, systems, equipment, and infrastructure to the Agreement subject to additional one-time and/or monthly charges.

r. **Adherence to the Law.** It is solely the responsibility of the Customer to make sure the configuration, use, and policies of the Customer adhere to all applicable laws and regulations. If changes are not coordinated with Provider and the function of Provider's solution(s) is affected thereby, Provider will invoice Customer for the time and expense incurred by Provider to restore the solution(s).

3. PROPRIETARY RIGHTS

a. **Provider's Intellectual Property.** Provider does not convey nor does Customer obtain any right in the programs, systems, data or materials utilized or provided by Provider in the performance of the Agreement (together with, but not limited to, their source codes and related documentation and instructions); *provided, however*, that Customer shall have a perpetual, royalty-free license to use for Customer's internal business purposes any and all programming deliverables described on the applicable Order Document from and after full payment to Provider of all amounts due. Provider retains and owns all right, title, and interest in Services, Content, Provider Technology, the Documentation, Provider's Confidential Information, and all enhancements or improvements to, or derivative works of, the foregoing, including any Intellectual Property rights therein. Nothing in the Agreement transfers or conveys any ownership interest in Provider's Intellectual Property to Customer.

b. Customer's Intellectual Property. Customer retains all ownership rights in Customer Data and Customer's Confidential Information, including any Intellectual Property rights therein. Nothing in the Agreement transfers or conveys any ownership interest in or to the Customer Data or Customer's Confidential Information to Provider. Notwithstanding the foregoing, Provider may create Aggregate Data (as defined in Section 4(b) (*Aggregate Data*)), and shall own all right, title, and interest in Aggregate Data, both during and after the Term of the Agreement.

4. PRIVACY AND SECURITY

a. Use of Customer Data. Customer Data may be used, retained, and disclosed by Provider solely to (i) provide the Services; (ii) provide customer support; and (iii) comply with Applicable Laws. Personal Information of any employee or authorized Customer Representative (i.e., names and email addresses) are not included in Customer Data and Customer's Confidential Information collected or received by Provider in connection with the procurement or use of, or payment for, the Services. Provider shall use such Personal Information as provided in the Provider Privacy Policy available at www.itvoice.com, which describes how to manage individual communication preferences.

b. Aggregate Data. Aggregate Data may be generated, created, and used by Provider for any lawful purposes. Personal Information relating to Customer, Authorized Users, Customer's clients or customers, or other information that could reasonably identify a natural person or Customer shall not be included in Aggregate Data.

c. Protection of Customer Data, Personal Information, and Confidential Information. Each Party is responsible for complying with Applicable Laws (including, without limitation, applicable data protection legal requirements) in connection with the Agreement. Provider shall prevent unauthorized release, access, destruction, modification, or disclosure of Customer Data, Confidential Information, or Personal Information by implementing and maintaining commercially reasonable technical, administrative, and physical safeguards and security methods. Provider's security methods may be updated, upgraded, changed, or supplemented as determined in Provider's sole discretion, which may require Customer to take action for continued use of the Services. Customer is responsible for advising Provider of any compliance requirements necessary for operation of Customer's business and Provider will assist Customer in meeting such

requirements through installation and maintenance of technology solutions. Customer shall validate that deployment and use of such solutions meet Customer's compliance requirements. Notwithstanding the foregoing, Customer acknowledges that Customer is solely responsible for its compliance with HIPAA, PCI, and all other applicable regulatory data security requirements. Customer is solely responsible for implementing and monitoring appropriate operational and security procedures and backup requirements selected by Customer and for making backup copies of all data.

d. **Call Recordings.** Provider shall be allowed to record calls between Provider and Customer for the purposes of quality assurance, technical troubleshooting, and other applicable uses. Customer agrees to accept this as notice of such recording.

e. **Notices.** Provider shall notify Customer without undue delay in accordance with Applicable Laws of unauthorized use, access or disclosure of any Customer Data or Customer's Confidential Information in Provider's control, including incident information required under Applicable Laws or reasonably requested by Customer to allow Customer to comply with its obligations under Applicable Laws. 5. CONFIDENTIAL INFORMATION

a. **Use of Confidential Information.** Except as provided for in the Agreement, the Receiving Party shall not make any disclosure of the Disclosing Party's Confidential Information to anyone other than the Receiving Party's employees who have a need to know in connection with the Agreement. The Receiving Party shall notify its employees of their confidentiality obligations with respect to the Disclosing Party's Confidential Information and shall require its employees to comply with these obligations.

b. **Disclosures Required by Law.** If any Applicable Laws or judicial or administrative order requires disclosure of any of the Disclosing Party's Confidential Information by the Receiving Party, if legally permitted the Receiving Party shall promptly notify the Disclosing Party in writing before making any such disclosure, to allow the Disclosing Party to protect its Confidential Information. The Receiving Party shall cooperate with the Disclosing Party, at the Disclosing Party's reasonable

expense, in seeking and obtaining protection for the Disclosing Party's Confidential Information. In the absence of a protective order, the Receiving Party may disclose only that portion of the Confidential Information that is legally required to be disclosed.

6. FEES AND PAYMENT

a. **Fees.** Customer shall pay all fees specified in each Order Document and applicable Expenses. Subscription fees will be invoiced to Customer in advance. Payment obligations are non-cancelable and fees and expenses paid are non-refundable. Provider may provide one or more invoices for the services and invoices may be issued by any combination of IT Voice and its Affiliates. Any cost saving estimates given by Provider are not guaranteed. Prices for goods are based on use or trade-in value of Customer's existing cable and communications equipment where appropriate. All pricing is for informational purposes only until approved by the Parties in a signed Order Document. Unless expressly specified otherwise in any Order Document, all fees, rates, and estimates exclude Taxes (as defined in Section 6(e)).

b. **Ancillary Fees.** Customer shall be responsible, and Provider will invoice, for fees and Expenses related to the following: (i) time spent by Provider to resolve functionality issues arising under Section 2(c)(2); and (ii) as provided in the Supplemental Terms.

c. **Payment.** Provider's pricing is based upon built in discounts for Customer's agreement to use autopay. If Customer removes autopay, Customer agrees to pay all additional fees associated with the removal of autopay. Notwithstanding the foregoing, Customer shall pay all invoiced fees and Expenses within ten (10) days after the invoice date unless otherwise agreed by Provider in writing. Customer payments will be applied to the oldest invoice first. If an invoice remains unpaid thirty (30) days after the invoice date a finance charge of 1.5% (18% per annum) will be applied. All payments will be made via Provider's online portal. Additional fees will apply if Customer requires paper invoices.

d. **Subscription Plans.** Customer's subscription plan for the Service is specified in the applicable Order Document. A Service subscription total price cannot be reduced during the Subscription Term.

e. **Taxes.** Customer is responsible for any applicable sales, transfer, use, excise, value-added, or similar taxes, levies, duties, fees, surcharges, and other gross receipts-based tax imposed against or on products and services, payable with respect to Customer's order of Services required or permitted to be collected by any local, state, or federal jurisdiction ("**Taxes**"). Customer shall be responsible for any such Taxes and shall either (i) remit such Taxes to the Provider or (ii) provide Provider with a certificate or other proof acceptable to Provider evidencing an exemption from such Taxes. In the event the Provider fails timely to invoice Taxes on taxable goods or services covered by the Agreement, the Provider shall promptly notify Customer after discovery and Customer shall remit such Taxes to Provider.

f. **Fee Increases.** Charges for Services are based on the rate(s) and tariff(s) charged to Provider and Provider's vendor(s). Should any vendor rate(s), element(s), or other costs charged to Provider increase during the Term of the Agreement, Provider may increase the rate charged to Customer in an amount equal to 1.3x the underlying cost increase ("Provider Rate Increase"). All Service charges are subject to a minimum five percent (5%) annual increase ("Minimum Increase"); provided, however, the total annual increase shall not exceed the greater of the Provider Rate Increase, the Minimum Increase, the Consumer Price Index rate of inflation (specifically the CPI-U), and twenty percent (20%). Notwithstanding the foregoing, in the event of any change in applicable law, regulation, decision, rule or order that materially affects Provider's ability or cost to provide the Services, Provider may modify this Agreement (and any Services or Service charges provided hereunder) upon prior written notice to Customer. Unless otherwise agreed in writing, Service fees may be increased by Provider notifying Customer of such increase at least thirty (30) days prior to the price increase. Such notice may be in the form of an invoice or other form of notice used by Provider to communicate with Customer. Additional fees for any upgrade or any additional Service ordered by Customer; and the expiration of any discount or incentive programs to which Customer was previously entitled do not constitute fee increases.

g. **Attorneys' Fees.** Provider shall be entitled to recover its attorneys' fees and related expenses in the event suit is brought or an attorney is retained to enforce the terms of the Agreement or to collect any moneys due hereunder or to collect money damages for breach hereof.

h. **Security Deposit.** Customer will deliver to Provider a deposit equal to the amount of the monthly subscription fee for the Services (the "**Security Deposit**"). The Security Deposit is not an advanced

payment of fees or Expenses or a limit on Provider's damages in the event of Customer's breach of the Agreement. Provider is not required to segregate the Security Deposit from other funds or pay any interest on the Security Deposit. Without prejudice to any other remedies, Provider may apply the Security Deposit to unpaid invoices or against any damages suffered by Provider as the result of a Customer Breach. At Provider's demand, Customer shall replenish any portion of the Security Deposit applied by Provider. Upon termination of the Agreement, Provider will refund the Security Deposit (or any remaining balance) to Customer within 120 days.

7. SERVICE SUSPENSION AND DISPUTES

a. **Generally.** Provider shall endeavor to resolve with Customer any circumstance that results in the exercise of Provider's suspension rights as reasonably practicable under the circumstances. Bases for suspension include, without limitation, the following: (i) a material risk caused by Customer, its Affiliates, or its or their Authorized Users or Representatives to the security or performance of the Services, Customer, or any other Provider customer or business partner; (ii) use of the Services in violation of the Agreement; or (iii) Customer is delinquent in its payment obligations for any undisputed amounts. In the case of payment delinquency, Provider shall notify Customer (including by phone or email to Customer's business contact) at least five (5) days before suspending the applicable Service. For any other suspension, Provider shall make a good faith effort to contact and provide notice to Customer in advance. Payment of undisputed amounts will be considered delinquent if not received within 15 days after the invoice date. Provider acknowledges that suspending the Services is a significant action. Provider shall exercise this remedy only in good faith and as necessary to resolve the issue giving rise to the suspension.

b. **Effect of Suspension.** Upon a suspension of Services, Customer (i) shall remain responsible for all fees and charges for suspended Services and other Services to which Customer continues to have access, if any; and (ii) Customer will not be entitled to any compensation or credit for any period of suspension, unless the suspension was due to Provider's error or omission.

c. **Billing Disputes.** Billing disputes must be asserted by Customer in writing to Provider within thirty (30) days after the date of the invoice giving rise to the dispute. Suspension rights, Termination rights and interest on late payments will not be exercised by Provider if Customer's

dispute of charges is reasonable and in good faith and Customer reasonably cooperates with Provider to resolve the dispute.

d. **Service Disputes.** If Customer believes any Services delivered by Provider are of a lesser quality than set forth in the Agreement, Customer must notify Provider in writing, delivered by certified letter return receipt requested, outlining the problem and Customer's desired outcome. Provider will have thirty (30) days from receipt of Customer's letter to bring the Service quality up to the agreed level. If Provider cannot resolve said issues within such thirty (30) day period, and the Parties are unable to reach a mutually acceptable plan for resolution then, as Customer's sole remedy, the Service fees associated with the affected Service(s) will be reduced by 20% until the Service(s) is returned to the agreed level(s).

8. TERM AND TERMINATION

a. **Agreement Term.** The term of the Agreement (the "**Term**") begins on the Effective Date of the initial Subscription Term for the first Service purchased and ends on the date of termination or expiration of the final Subscription Term.

b. **Subscription Terms.** Customer may purchase subscriptions to one or more Services. The effective period of each subscription is a "**Subscription Term**", which will begin on the subscription's "**Effective Date**" and ends five (5) years after its Effective Date, unless otherwise specified in the Order Document. At the end of the then-current Subscription Term, each Service subscription will automatically renew for the same period length as first subscribed (a "**Renewal Subscription Term**") until either Party delivers written notice of cancellation or nonrenewal at least 180 days prior to the end of the then-current Subscription Term.

c. **Subscription to Upgraded or Additional Services.** If Customer upgrades any Service during a Subscription Term, then the Subscription Term for the upgraded Service will extend the Subscription Term of any existing subscriptions which would expire sooner to have the same end date of the upgraded service. Fees for the upgrade will be added to the then-current subscription Service fee. The Subscription Term for any additional Service that Customer subscribes to will begin on the Effective Date for that upgraded Service and Customer will be charged separately for the

applicable activation and annual Service subscription fee for the additional Service. If Customer upgrades the tier of Service purchased, renews a Service, or purchases an additional Service, then all Services to which Customer subscribes under these Terms will be subject to the then-current Terms and applicable Supplemental Terms.

d. Termination for Breach or Cause. Either Party may terminate the Agreement or any affected Service by notice to the other Party upon the other Party ceasing to operate in the ordinary course, making an assignment for benefit of creditors, or becoming the subject of any bankruptcy, liquidation, dissolution, or similar proceeding that is not resolved within sixty (60) days of filing. Provider may terminate the Agreement if Customer materially breaches its obligations under the Agreement. Material breach by Customer includes the following by way of example and not limitation: (1) Customer is unable to resolve any material issue leading to suspension of Services arising from the acts or omissions of Customer, its Affiliates, or their Authorized Users or Representatives within thirty (30) days following notice of suspension; or (2) Customer's use of the Services in violation of Applicable Laws; or (3) Customer fails to fulfill any of Customer's Responsibilities; or (4) Customer fails to make the payments due in a timely manner. If Provider terminates the Agreement or any Service because of Customer's material breach, no prepaid amounts will be refunded to Customer, and Customer will be responsible for the Early Termination Charges.

e. General Effects of Termination. Upon any termination of the Agreement: (i) all of Customer's rights under the Agreement immediately terminate (with the exception of those surviving termination, as described below); and (ii) Customer shall pay early termination charges equal to one hundred percent (100%) of the Subscription fees for the remainder of the Subscription Term (the "**Early Termination Charges**"). Early Termination Charges shall be paid within thirty (30) days after delivery of Customer's termination notice or immediately upon receipt of Provider's invoice for same. All provisions that by their nature should survive termination of the Agreement will do so (including, by way of example and not limitation, payment obligations, indemnification and defense obligations, and duties of confidentiality).

f. Return of Equipment and Transfer of Contracts. Upon any termination of the Agreement Customer may either relinquish all equipment owned by Provider or enter into a new agreement

with Provider for continued service. If Provider has been required to enter into third-party contracts (software, licensing, subscriptions, pre-purchased products, etc., collectively "**Contracts**") to ensure Customer receives uninterrupted Services, Customer shall be solely responsible for any Contracts which extend beyond the termination date by either transferring the Contracts into the Customer's name or paying the termination fees associated with such Contracts. Regardless Customer shall pay Provider for one (1) month of service beyond the termination date to provide continuity of services for Customer and allow ample time for Provider to terminate any underlying services and remove Provider's equipment and software.

9. WARRANTIES

a. **Mutual Warranties.** Each Party represents and warrants to the other Party that (i) it has the authority to enter into and perform its obligations under the Agreement; (ii) the Agreement does not conflict with any other agreement entered into by it; (iii) it does not conduct business for any unlawful purpose; and (iv) it is not on the United States Department of Treasury, Office of Foreign Asset Control's list of Specially Designated National and Blocked Persons; Her Majesty's Treasury, Asset Freezing Unit's Consolidated List of Financial Sanctions Targets; the European Union's consolidated list of persons, groups, and entities subject to EU financial sanctions; or any similar list of embargoed or blocked persons applicable to persons or entities in the jurisdiction of such Party's domicile or use of the Services.

b. **Provider's Warranties.** Provider offers the following warranties for the Services:

i. The Services provided to Customer under the Agreement will perform in all material respects in accordance with its applicable, then-current Documentation; (2) subject to Section 4(c), neither a Service nor its features or functionality will be materially reduced during a Subscription Term (*provided, however, reductions may take effect upon expiration of a Subscription Term with at least ninety (90) days' written notice to Customer*); and (3) Provider will use commercially reasonable efforts to ensure the Provider Technology provided to Customer contains no computer virus, Trojan horse, worm, or other similar

malicious code; *provided, however*, Provider does not warrant that the Provider Technology is free from all bugs, errors, or omissions.

ii. The warranties in this Section 9(b) do not apply to the extent that the Service, systems, or software have been modified by persons other than Provider's employees or persons authorized by Provider.

c. **Disclaimer of Implied Warranties.** Except as expressly provided in the Agreement, the Services are provided on an "as-is" and "as available" basis, and neither Party makes any warranties of any kind, whether express, implied, statutory, or otherwise, and each Party specifically disclaims all implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, to the maximum extent permitted by Applicable Laws.

10. INDEMNIFICATION

a. **Indemnification Clause.** Customer shall indemnify and defend Provider and its Affiliates and their respective directors, officers, and employees against Losses incurred as a result of a third-party demand, claim, or action that (1) Customer's use of the Service in breach of the Agreement infringes the Intellectual Property rights of a third party; (2) results from Customer's breach of its obligations under the Agreement; or (3) results from Customer's violation of Applicable Laws.

b. **Process.** The obligations of Customer to defend or indemnify Provider under this Section 10 are subject to the following: (i) the Provider must promptly inform the Customer of any claim or action within the scope of the Customer's defense or indemnity obligations set forth in the Agreement in writing, provided that Customer shall not be excused from its indemnity obligations for failure to provide prompt notice except to the extent that the Customer is prejudiced by any such failure to provide prompt notice; (ii) the Customer shall be given exclusive control of the defense of such claim and all negotiations relating to its settlement, except that the Customer may not, without Provider's approval, (A) make any admissions on the Provider's behalf or (B) settle any such claim unless the settlement unconditionally releases the Provider of all liability; and (iii) the Provider must reasonably assist the Customer in all necessary respects in connection with the defense of the

claim, at the Customer's expense. The Provider may participate in the defense of the claim at its sole cost and expense.

c. **Exclusive Remedy.** This Section 10 states the Customer's sole liability and the Provider's exclusive remedy with respect to Infringement and any third-party claim or action described in this Section. This Section does not apply to any direct claims between the Parties.

11. MODIFICATIONS

a. **Modification Notice.** Subject to the restrictions in this Section 11, these Terms, the Acceptable Use Policy, or any Supplemental Terms may be modified by Provider from time to time. Provider shall provide prior written notice ("**Modification Notice**") to Customer of such modifications at least thirty (30) days prior to the effectiveness of the modifications. No prior notice is required if modifications are necessary to comply with Applicable Laws, but Provider shall use commercially reasonable efforts to provide prior notice when practicable. The list of services in the table in Section 15 may be modified at any time without providing prior notice.

b. **Renewal Modification Notice.** The modifications will become effective (without notice) for each Service affected by the changes upon renewal of such Service. Customer may avoid the applicability of the changes only by cancelling the renewal of Customer's subscription prior to commencement of the Renewal Subscription Term.

c. **General.** Customer will be bound by the modifications as of the effective date stated in the Modification Notice.

12. EXCLUSION OF CERTAIN CLAIMS; LIMITATION OF LIABILITY

a. **Exclusion of Certain Claims.** In no event shall either Party be liable to the other Party or any other party for cost of cover or any consequential, indirect, special, punitive, incidental, exemplary, or lost profits damages of any kind, whether foreseeable or unforeseeable. The previous sentence will not apply to (i) instances of gross negligence or willful misconduct, (ii) a Party's breach of its privacy, security, and confidentiality obligations set forth in Section 4 and

Section 8, (iii) to a Party's misappropriation of the other Party's intellectual property rights, or (iv) to a Customer's indemnification obligations.

b. **Limitations of Liability.** Except as otherwise provided in these Terms, in no event shall Provider's aggregate liability to Customer exceed the fees paid or payable by Customer to Provider under the Agreement during the thirty (30) day period immediately preceding the event giving rise to the claim. Provider will have no liability to Customer if technology or human failures cause any disruption to Customer, any injury to persons or property, losses (including any loss of business or data losses), damages, claims or demands of any kind or nature, including, but not limited to, use or inability to use the service or equipment, reliance by any user or customer on any data provided or obtained through use of the Services or equipment, any interruption, defect, error, virus, ransomware, cybercrime, or delay in operation or transmission, any failure to transmit or any loss of data arising out of or in connection with the Agreement. In no event shall Provider be liable to Customer, any user, or any of their respective employees or agents, or any third party, for any indirect, incidental, special, consequential, or punitive damages.

c. **Limitation of Claims.** Notwithstanding any statute or law to the contrary, and except with respect to claims of infringement or misappropriation of Intellectual Property of the other Party, neither Party may bring any claim relating to the Agreement more than one (1) year after the events giving rise to the claim occurred.

d. **General.** These exclusions and limitations apply even if the remedies are insufficient to cover all the losses or damages of such Party, its Affiliates or, in the case of Customer, Authorized Users. Without these limitations, the fees for the Service(s) would be significantly higher. Some jurisdictions do not allow the exclusion of certain warranties or the limitation or exclusion of liability for incidental or consequential damages. Accordingly, some or all the above exclusions or limitations may not apply, and the Parties may have additional rights.

13. SALES GUARANTEES

a. **30-Day Money-Back Guarantee.** The 30-Day Money-Back Guarantee only applies to new Customers. In the event that the Customer is dissatisfied with the services rendered within the

f. **100% Satisfaction Guarantee:** The 100% Satisfaction Guarantee only applies to new Customers. In the event that the Customer is dissatisfied with the services rendered within the 30-day period from the Beginning of Service Date, we will issue a full refund of the Security

e. **Non-Solicitation.** Customer acknowledges that Provider has invested substantial expense in terms of time and money spent on advertising, screening, testing, training, and experience development of its personnel, in addition to the consequential impact an employee may have on the revenue activity to Provider. Customer shall not to solicit, hire or otherwise contract with any employee and/or independent contractor of Provider without the expressed written consent of Provider while said employee and/or independent contractor is in the employment or contract of Provider or within one (1) year after leaving employment of Provider. The arbitrator may grant injunctions or other relief in such dispute or controversy. The decision of the arbitrator shall be final, conclusive and binding on the parties. The arbitrator(s) shall apply Alabama law to the merits of any dispute or claim, without reference to conflicts of law rules. Customer hereby consents to the personal jurisdiction of the state and federal courts located in Jefferson County, Alabama for any action or proceeding arising from or relating to this Agreement or relating to any arbitration in which Provider and Customer are participants. Each Party shall each pay one-half (1/2) of the costs and expenses of such arbitration.

g. **Equitable Relief.** Each Party acknowledges that damages may be an inadequate remedy if the other Party or its Affiliates or its or their Representatives (or, in the case of Customer, Authorized Users) violate the obligations under the Agreement, and each Party shall have the right, in addition to any other rights it may have, to seek injunctive relief without any obligation to post any bond or similar security and without breach of this arbitration agreement and without abridgment of the powers of the arbitrator.

h. **Force Majeure.** Provider shall not be responsible to Customer for any failure or delay of performance caused by circumstances beyond Provider's reasonable control, including, without limitation, fire, earthquake, storm, or other act of God; labor disputes or supplier failures or shortages; electrical, telecommunications, or other utility failures; vandalism, ransomware, or cybercrime; embargoes; riots; pandemics, acts of government or national emergencies; or acts of terrorism or war.

Except as provided above, neither Party may assign its rights or obligations under the Agreement without the other Party's prior written consent, such consent not to be unreasonably withheld or delayed, and any attempt to so assign the Agreement will be null and void. The Agreement will bind and inure to the benefit of each Party's permitted successors and assigns.

k. **Severability.** If any provision of the Agreement is determined to be invalid or unenforceable by any court, then to the fullest extent permitted by law, that provision will be deemed modified to the extent necessary to make it enforceable and consistent with the original intent of the Parties and all other provisions of the Agreement will remain in full force and effect.

l. **Waiver.** No waiver of any provision of the Agreement, nor any consent by a Party to the breach of or departure from any provision of the Agreement, will in any event be binding on or effective against such Party unless it is in writing and signed by such Party, and then the waiver or consent will be effective only in the specific instance and for the purpose for which given.

m. **Entire Agreement.** The Agreement constitutes the entire agreement and understanding between the Parties with respect to the subject matter thereof and supersedes all prior or contemporaneous communications, representations, agreements, or understandings (whether written, electronic, or verbal) between the Parties with respect thereto. Except as specified in Section 11, the Agreement may not be modified or amended except by a written instrument

Customer is solely responsible for paying Provider in full for all services, equipment and goods provided by Provider in connection with the remediation. Such services, equipment and goods include, without limitation, Provider's time, tools, software, hardware, resources and any other items needed for the mitigation, consulting and support during the cyber event) regardless of whether Customer has a cyber insurance policy in effect. 2. Customer Proprietary Network Information. In the normal course of providing services to its users and customers, RevTel collects and maintains certain customer proprietary network information ("CPNI")

typical to the industry. CPNI includes the types of telecommunications and interconnected VoIP services Customer currently purchases or subscribes to, how Customer uses those services (for example, Customer's calling records), and billing information related to those services. Customer's telephone number, name, and address do not constitute CPNI. RevTel does not sell, trade, or otherwise share Customer's CPNI with anyone outside of RevTel and those parties authorized to represent RevTel to offer RevTel's services or to perform functions on RevTel's behalf related to RevTel's services, except as the law may require or Customer may authorize. Federal law generally permits RevTel to use CPNI in its provision of the telecommunications and interconnected VoIP services Customer purchases or subscribes to, including billing and collections for those services. RevTel may also use or disclose Customer CPNI for legal or regulatory reasons such as to respond to a court order, to investigate fraud, to protect RevTel's rights or property, to protect against the unlawful use of RevTel Services, or to protect other users.

Customer may elect to prohibit RevTel's use of Customer's CPNI to market services other than services of the same type that Customer already purchases from RevTel by providing RevTel with Customer's "opt-out" notice within thirty (30) calendar days of Customer's Service commencement via written notice to RevTel at the notice address. If Customer fails to do so within such timeframe, Customer will be deemed to have given RevTel consent to use Customer's CPNI to market services other than services of the same type that Customer already purchases from RevTel. Restricting RevTel's use of Customer CPNI will not affect RevTel's provision of any service, nor will it necessarily eliminate all types of RevTel marketing.

4. Facsimile and Recording Limitations. Due to faxing being outdated, Services to any lines used for faxing are not guaranteed to work. Recordings will be available for thirty (30) days unless stated otherwise in the Order Document or restrained by system limitations.

5. Installation Requirements. To ensure satisfactory operation of equipment, Customer is responsible for ensuring its facility meets the following requirements: (1) conduit for cabling is already present (if required by building codes) and prices for cabling assumes that the building is equipped with standard drop in (suspended) ceilings (with at least 24" clearance above ceiling grid) and all walls are studded walls with at least 3" clearance on the interior of the walls (any building or areas of the building that have other finishes

may require Provider to attach conduit to the walls, floors, or ceiling that may not match existing surfaces in color or texture); (2) room temperature must be maintained between 60-80 degrees Fahrenheit; (3) relative humidity not exceeding 75%-non condensing; (4) normal business lighting; (5) adequately equipped and isolated power; (6) a 3' minimum clearance in front of the equipment; (7) access to "cold water ground" within 10' of the equipment; (8) the demark must be in the same room as the equipment (if it is not, then the demark will be extended at the customer's cost); and (9) the location(s) designated for the equipment shall not be within the proximity of utility piping which may cause harm to the equipment if the pipes were to malfunction. Any damage to equipment caused by the failure of the above conditions or any other environmental conditions shall be Customer's responsibility.

6. Carrier Management. Customer appoints Provider as Customer's exclusive agent to act on its behalf to provision services with the underlying telecommunications carrier ("**Carrier**") (if any). Customer authorizes Provider to provision and manage Carrier's services, receive, and pay bills from Carrier on Customer's behalf and engage with Carrier on Customer's behalf to open tickets, report service outages, and engage with Carrier for technical support. Customer shall abide by Carrier's current terms of service. Customer acknowledges that Provider may not be a reseller of Carrier services and is only responsible for managing Carrier's services on behalf of Customer. Customer shall execute the necessary Letter(s) of Authorization (LOA) necessary for Provider to perform the services described in this section. Provider's price quote for the carrier services does **not** include taxes, surcharges, or other fees for the proposed services, or any miscellaneous additional charges that may be applicable but cannot be precisely quantified. Such charges may include directory assistance charges, franchise fees, license fees/taxes, local usage charges, per usage feature charges, dual party relay charges, hearing and speech impaired charges, miscellaneous listing charges, number portability recover charges, misc. internet charges, long distance charges, operator assistance call charges (i.e., collect calls, third-party calls and call interrupts), and/or other charges identified in tariffs or applicable Carrier service agreement terms. In accordance with the tariffs or other applicable service Agreement terms, Customer will be responsible, and Provider will invoice Customer, for all such charges incurred or increases to same. Nonprofit organizations are advised that the majority of telecommunication taxes and fees will apply regardless of any tax-exempt status and the organization should expect to be invoiced for taxes and fees.

If you require these features, please contact Provider to have them enabled. Overages above the included Domestic long-distance use will be invoiced by Provider at the Provider's

8. Switch/Internet Access. Unless otherwise stated in the Order Document, phones do not include network switch or internet access. Customer is solely responsible for all costs associated with Customer's internal network (including a managed switch) and internet access (including providing a Public IP exclusively for Voice use). Further, Customer acknowledges that the VOIP services provided by Provider use the Customer's internet and recognizes that the voice quality will depend on the quality of Customer's internet service.

9. Termination of Existing Services. Customer is solely responsible for disconnecting any existing telecommunication networks or facilities and for any termination liability associated with such terminations.

REVTEL COMMUNICATIONS, LLC

Understanding Taxes, Surcharges and Fees

Taxes and Surcharges

Federal Surcharges

Federal Universal Service Fund (FUSF). The Telecommunications Act of 1996 requires RevTel Communications, LLC (“RevTel”) to contribute to the Federal Universal Service Fund (“FUSF”). The FUSF helps to make phone service affordable and available to all Americans, including consumers with low incomes; those living in areas where the cost of providing telephone service is high; public schools and libraries; and rural healthcare providers. The Federal Communications Commission (“FCC”) delegates the administration of the FUSF to the Universal Service Administrative Company (“USAC”). Each quarter, the FCC adopts a “contribution factor” for FUSF support. The contribution factor is a percentage of the total interstate and international end-user telecommunications and Interconnected VoIP (“I-VoIP”) revenue that each carrier is responsible for contributing to the FUSF. As permitted by FCC regulations, RevTel has opted to bill the FUSF surcharge as a separate line item to end-user customers. Consistent with such regulations, RevTel only bills FUSF line item charges in an amount equal to the quarterly contribution factor currently in effect multiplied by the invoiced amount subject to the FUSF. This is a permissible pass-through surcharge but is not a tax or charge mandated by the government.

Please visit [USAC’s Website](#) for more information on the FUSF.

State & Local Taxes and Surcharges

State & Local Regulatory Surcharges

State Universal Service Fund (USF). RevTel may also be required to contribute to State Universal Service Funds (“SUSF”). The funds may be used to assist in providing universal service and to support a variety of other programs at the state level. RevTel collects applicable charges from its end-user customers. These charges are permissible pass-through surcharges but are not taxes or charges mandated by the government.

Telecommunications Relay Services Fund. Some states also require contributions to State Telecommunications Relay Services (“TRS”) Funds to offset the cost of providing local transmission services that provide hearing or speech challenged individuals with the ability to use certain communications services. Many states require RevTel to remit this fee to the governing authority. RevTel collects applicable fees from customers and remits them to the relevant authorities.

State & Local Sales and Use Tax

All states, with limited exceptions, impose some form of state-level sales and use tax. The sales and use tax is generally imposed on the sale or use of tangible personal property and certain services. These taxes are intended to be passed on to the end user/consumer.

In many states, local jurisdictions also impose a sales or use tax. In some instances, the local sales and use tax is administered by the local jurisdiction. In other instances, the state administers the local sales and use tax.

Certain exemptions apply for sales for resale, and sales to certain types of entities (e.g., the federal government, state and local governments, non-profit entities, etc.).

RevTel collects sales and/or use taxes as required by state and/or local law.

Communications Services Tax

Some state and local jurisdictions impose communications specific taxes on communications services in addition to or in lieu of sales or use tax. The communications services tax is intended to be passed on to the end user/consumer. The rates for communications services taxes are usually different than the sales and use tax rates and vary by jurisdiction.

Certain exemptions apply for sales for resale, and sales to certain types of entities (e.g., the federal government, state and local governments, non-profit entities, etc.).

RevTel collects communications services taxes as required by applicable state and/or local law.

Gross Receipts Taxes

A number of states impose a gross receipts tax on communications service providers. In some states, gross receipts taxes are intended to be passed on to the end user/consumer. In other states, the gross receipts tax is the responsibility of the seller, and there is no pass-through to the end user.

Certain exemptions may exist for gross receipts taxes that are intended to be passed on to the customer, based on the type of entity making the purchase (e.g., the federal government, state and local governments, non-profit entities, etc.).

RevTel pays gross receipts taxes and collects them from customers when required (or permitted) by applicable state and/or local law.

Local Utility Taxes

Local utility taxes are imposed by cities and counties in a select number of states. Certain exemptions apply for sales for resale, and sales to certain types of entities (e.g., the federal government, state and local governments, non-profit entities, etc.).

RevTel pays local utility taxes and collects them from customers when required (or permitted) by applicable state and/or local law.

Local License Taxes

Local license taxes are imposed by cities and counties in a limited number of states.

Certain exemptions apply for sales for resale, and sales to certain types of entities (e.g., the federal government, state and local governments, non-profit entities, etc.).

RevTel pays local license taxes and collects them from customers when required (or permitted) by applicable state and/or local law.

E911 Fees

In order to fund the provision of 911 emergency telephone service, state and local jurisdictions impose E911 fees on certain communications services. These fees are sometimes administered by the state department of revenue, but the majority of E911 fees are assessed and administered by local jurisdictions. E911 fees are intended to be passed on to the customer on the invoice. Sales for resale are generally exempt from E911 fees. Non-profit organizations are generally subject to E911 fees, whereas they might be exempt from taxes or other fees.

RevTel collects E911 fees from customers when required by applicable state and/or local law.

Under the FCC’s rules, RevTel must contribute to the costs of numbering administration. Contributions are based on a percentage of RevTel’s revenues from customers using international, intrastate and interstate communications services. The percentage varies annually.

Annual Regulatory Fee. RevTel, as an interstate service provider, must pay an annual regulatory fee to the FCC. This fee varies annually.
